Removal of the Bottom \"Propeller\" is out of sequence. Check at.removal of the spray assembly is there. The large gray disc part that is removed at.actually come apart and there can be more gunk inside it. The round part with the mesh screen can be pulled apart from the larger piece with the gear-like edge. I used a small screwdriver to pry it back moving around the edge a little at a time. Then it just snaps back together after cleaning. It only goes on one way (which is nice).
